RE: 2019 Boarding and Veterinary Services Agreement

Dear Board Members:

I recommend that the Supervisor be authorized to execute an agreement between the Animal Hospital of Pittsford and the Town of Brighton for the provision of boarding and veterinary services. This contract is for the period beginning January 1, 2019 through December 31, 2019. This year's proposed contract represents a slight increase in some of the fees for services provided by the Pittsford Animal Hospital.

Possible alternatives to Pittsford Animal Hospital have been researched; however, no other animal hospital offers a 24 hour emergency service site to compare to the Animal Emergency Services. AES is a division of Pittsford Animal Hospital.

Thank you for your consideration. I would be happy to answer any questions you may have regarding this request.

Respectfully,

RE: Vehicle Maintenance and Repair Agreement

Dear Board Members:

I recommend that the Supervisor be authorized to execute an agreement between Elmer's Brighton Garage and the Town of Brighton for the provision of vehicle maintenance and repair services. This contract is for the period beginning January 1, 2019 through December 31, 2019 with the option to renew for up to three years.

In accordance with the Town's procurement policy, twelve written requests for pricing were sought.

The lowest price quote was from 12 Corners Mobil and was deemed to be "*technically non-responsive*". 12 Corners Mobil failed to meet the multiple mechanic provision of the quote specification. The lowest responsive quote was received from Elmer's Brighton Garage, 1848 Monroe Avenue, Rochester, New York 14618 at a rate of \$80.00 per hour, 10% discount off the retail price for parts and the lowest bid price for lube, oil and filter of \$30.00/\$40.00.

Please do not hesitate to contact me should you have any questions.

Respectfully,

Mark T. Henderson

Dear Board Members:

I am requesting that the Town Board authorize the continuation of the services of Lifetime Benefit Solutions Inc. for the administration of employee flexible spending accounts. There will be no change in 2019 pricing with the annual compliance service fee remaining at \$325.00 and the per participant monthly fee remaining at \$3.15.

I am recommending that the Town Board authorize the continuation of services for 2019 and authorize the Supervisor to sign any related documents with Lifetime Benefit Solutions Inc.

Re: Amendment to Fixed and Infrastructure Asset Policy

Dear Honorable Members:

The Town's current Fixed and Infrastructure Assets Policy and Procedures Statement, as adopted by the Town Board on 12/11/2002, defines a fixed asset for financial statement reporting purposes as one having a useful life of not less than 3 years, an initial cost of not less than \$1,000, and is required to maintain its unique identity when placed into service. This policy has resulted in over 1,000 assets to currently be tracked and depreciated in the Town's financial software system and by Town staff.

After discussions with the Town's independent auditors and this committee earlier this year, along with review of similar municipality's policies, I am recommending that the threshold for capitalizing fixed assets be raised from \$1,000 to \$5,000. This will result in approximately 75% less assets being capitalized, but only reducing overall asset value by about 12%. Items that do not meet this new limit but are at higher risk of loss or misuse will be tracked (as in the past) for inventory control. This new limit for fixed assets for capitalization purposes will not affect the current threshold for infrastructure assets, which is at \$20,000.

I am recommending that the Town Board adopt the attached amended Fixed and Infrastructure Assets Policy and Procedures Statement which increases the threshold for capitalizing fixed assets from \$1,000 to \$5,000.

I will be happy to respond to any questions that members of the Committee or other members of the Town Board may have regarding this matter.

Sincerely,

Suzanne Zaso

TOWN OF BRIGHTON

FIXED AND INFRASTRUCTURE ASSETS POLICY AND PROCEDURES STATEMENT

Pursuant to the requirements of Generally Accepted Accounting Principles (GAAP) for Governments as promulgated by the Governmental Accounting Standards Board (GASB), and more particularly by GASB Statement #34, the Town of Brighton will classify, record, capitalize, and subsequently depreciate Fixed Assets including (but not limited to) rolling stock, equipment, machinery, furniture and fixtures; and also infrastructure assets including (but not limited to) land, buildings, improvements to land and/or buildings, roads, bridges, sidewalks, curbing, storm and sanitary sewers, and storm water gutters; all pursuant to the definitions provided herein.

The Department of Finance shall develop and maintain a permanent centralized record of all such Fixed and Infrastructure Assets in the Town's Financial Information System (FIS). Qualifying Fixed and Infrastructure Assets will be recorded individually and/or on a group basis in the FIS and reported in total by asset class for the purposes of disclosure on the Town's Financial Statements. Such assets will also be periodically inventoried for insurance valuation purposes, and to guard against potential misappropriation.

DEFINITION OF FIXED AND INFRASTRUCTURE ASSETS

Fixed Assets for financial statement reporting purposes are assets including (but not limited to) all rolling stock, equipment, machinery, furniture and fixtures:

- 1) having a useful life of no less than three years; and
- 2) having an initial cost or estimated value of no less than \$5,000; and
- 3) which maintain their unique identity when placed in service.

Acquired or donated assets that do not meet each of the three above-listed criteria will be accounted for and expensed in the Town's FIS, but will not be capitalized and recorded in the Fixed and Infrastructure Asset Reporting Module of the Town's FIS.

Infrastructure Assets for financial statement reporting purposes are assets including (but not limited to) land, buildings, improvements to land or buildings, roads, bridges, curbing, sidewalks, storm and sanitary sewers, storm water gutters, and streetlights either newly acquired or constructed, or are improvements to, or reconstruction of, similar existing assets:

- 1) having a useful life of, or extending the useful life of an existing asset by, no less than five years; and
- 2) having an initial cost or estimated value of no less than \$20,000

Acquired, constructed or reconstructed assets that do not meet the listed criteria will be accounted for and expensed in the Town's FIS, but will not be capitalized and recorded in the Fixed and Infrastructure Asset Reporting Module of the Town's FIS.

CAPITALIZATION AND DEPRECIATION OF FIXED AND INFRASTRUCTURE ASSETS

Fixed Assets and Infrastructure Assets that meet the above-detailed definitions will be capitalized and subsequently depreciated pursuant to generally accepted accounting principles for GASB-prescribed financial statement reporting purposes. Accounting and financial statement requirements of the Office of the State Comptroller (OSC), as prescribed in the Uniform System of Accounts, and reported in the OSC's Annual Update Document, will also be properly maintained.

Estimated Useful Life Schedule for Depreciation Purposes

All assets that are capitalized will be depreciated on a straight-line basis. The estimated useful life of a fixed or infrastructure asset for depreciation purposes shall be as determined by the Supervisor (acting through the Director of Finance) and such determination is made a part of this Policy. The Supervisor's determination of useful life shall generally be guided by the State's Local Finance Law (LFL) Section 11, but may vary from the State LFL where the Town's actual use of and experience with a particular asset type or class is different. The Supervisor's determination of estimated useful lives is shown on the Fixed and Infrastructure Asset Depreciation Schedule that is appended to and made a part of this Policy. Such schedule may be modified from time to time as determined necessary on authority of the Supervisor. Any amendments to the Schedule will be reported to the Town Board.

Initial Valuation of Existing Infrastructure Assets for Financial Statement Purposes

The Governmental Accounting Standards Board's (GASB) Statement No. 34 requires that governments depreciate capital assets, including infrastructure. The Town chose to implement these standards one year early for the fiscal year ending 12/31/2002. It was determined at the time that the ability to accurately determine the true historical cost of the Town's existing infrastructure assets, based on available financial and other records, and the labor effort it would require to attempt a comprehensive examination of such records, would likely not result in an accurate and useable product. Similarly, to otherwise engage an independent contractor to analyze and value the Town's infrastructure assets would likely not be cost effective. Given these circumstances, the Town Board authorized an alternative method for initially valuing and depreciating all infrastructure assets acquired, constructed, or replaced as of 12/31/2002 utilizing existing inventories, current cost data, budgeted replacement schedules, and a resulting composite depreciation calculation. This valuation method and the resulting calculations of net infrastructure asset values for financial statement reporting purposes has been acceptable to and audited by the Town's independent auditor.

CARE AND CUSTODY OF FIXED AND INFRASTRUCTURE ASSETS ASSIGNED TO DEPARTMENTS

The department having primary use and custody of a fixed or infrastructure asset shall be responsible for its proper care and maintenance, within budgetary constraints, so as to prolong its useful life and to make most effective use of such asset. The Department Head shall have primary responsibility for such care and maintenance, and will guard against misuse or misappropriation of all assets in their custody. Where it is not clear as to the department that should have primary responsibility for the proper care and custody of a particular asset, the Supervisor shall direct a chosen Department Head to assume such responsibility.

Preparation and Maintenance of Fixed and Infrastructure Asset Records and Listings

Each Town department having primary use and custody of fixed and infrastructure assets, with assistance from and according to procedures developed by the Department of Finance, shall maintain a detailed record of all such assets on the FIS including (at a minimum) the following identifying information:

- descriptive name of the asset
- model name and/or number of the asset
- serial number of the asset
- assigned location of the asset
- the historical cost or estimated value of the asset at time of acquisition
- the assigned asset number (by attached "asset tag" or an equivalent asset identification number as approved by the Director of Finance)

A detailed listing of all fixed and infrastructure assets in the care and custody of each department shall be updated on no less than an annual basis by means of a physical inventory of all assets. It is preferable that the inventory be taken as close to year-end as department resources needed to conduct the inventory will allow. New assets acquired through purchase or donation should be added to the departmental listing. Assets that are no longer useful for Town purposes should be recommended to the Town Board as surplus to the Town's needs and, with Board approval, sold through auction or other form of authorized sale (if the asset has remaining value), or disposed of as junk in an environmentally-friendly manner.

The Finance Department will be responsible for updating and maintaining a centralized record of fixed and infrastructure assets in a properly protected computerized file and, on request of a department, but no less than annually, will provide updated departmental listings of such assets for the purposes of conducting the physical inventory.

POLICY MODIFICATION

This Policy, and procedures necessary to implement and enforce the Policy, may be amended from time to time by the Supervisor upon the recommendation of the Director of Finance, subsequent to approval of the Town Board. Department Heads may also recommend changes to this Policy, and the related procedures, through the Director of Finance.

RE: Brighton Volunteer Ambulance 2019 Contract Renewal

Dear Board Members:

I am recommending that Your Honorable Body authorize the Supervisor to execute a contract for 2019 with Brighton Volunteer Ambulance, Inc. to provide emergency medical services within the Town of Brighton. The annual contract amount for 2019 is \$310,000 as compared to the 2018 rate of \$272,000 (as approved and adopted in the 2019 Town Budget). Also note that the Town will retain \$25,000 (instead of the current \$20,000) to be applied towards fuel usage by BVA in 2019. This increase is necessary due to the projected 2018 fuel usage by BVA.

I would be happy to respond to any questions that the committee or other members of the Town Board may have regarding this matter.

Sincerely,

Paula Parker
Director of Finance

CONTRACT FOR AMBULANCE SERVICE

This Agreement, made as of January 1, ~~2018~~2019, between the Town of Brighton, acting for and on behalf of the Brighton Ambulance Services District with offices at 2300 Elmwood Avenue, Rochester, NY 14618, (hereinafter known as the "Town"), and the Brighton Volunteer Ambulance, Inc., a not-for-profit New York corporation with its principal place of business at 1551 Winton Road South, Rochester, NY 14618, (hereinafter known as "BVA").

WHEREAS, the Town desires to provide emergency medical service within the Town of Brighton; and

WHEREAS, in furtherance of that end, the Town has formed the Brighton Ambulance Services District (hereinafter known as the "District") pursuant to Article 12-A of the Town Law, such District consisting of all premises within the boundaries of the Town of Brighton; and

WHEREAS, BVA is an independent contractor duly authorized by the New York State Department of Health to provide emergency medical service, and is willing to provide such service within the District pursuant to the terms and conditions of this Agreement; and

WHEREAS, the Town Board of the Town pursuant to Section 198(10)(f) of the Town Law, and by Resolution of the Board has authorized such an Agreement.

NOW, THEREFORE, in consideration of the covenants and agreements hereinafter mentioned, the parties agree as follows:

1. Work Statement

BVA agrees to provide, or cause to be provided, emergency medical service within

the District. Such service shall consist of all personnel and equipment necessary to promptly and safely transport injured or ill persons from within the District to a hospital or other emergency medical facility as is necessary under the circumstances in accordance with good and accepted ambulance practice, and inclusive of Basic Life Support and Advanced Life Support services to ill and injured persons in connection therewith. Such service shall be subject to the standards as may be set forth by the New York State Department of Health and the Monroe-Livingston Emergency Medical Service Council. Such service shall be provided only in circumstances of medical emergency as generally defined by law and customary usage in such cases. BVA's right to provide such services pursuant to this Agreement shall be non-exclusive. BVA and the Town may rely on the Brighton Fire Department, Rochester Fire Department, other fire departments as determined by the Town, and/or commercial ambulance service providers to provide first response services as part of the overall protocol and services plan for EMS services provided in the Town.

2. Standards of Performance

a. **Certifications.** BVA shall maintain New York State certification of its ambulance service as defined in Section 3006 of Article 30 of the Public Health Law of the State of New York and shall at all times comply with the standards required for such certification, during the period of this Agreement and shall provide evidence of such certification to the Town upon request.

b. **BLS Standards of Care.** BVA shall comply at all times with the latest Monroe-Livingston Regional Emergency Medical Service Comprehensive Emergency Medical Care Standards, as they may be amended during the period of this Agreement. Said standards shall be incorporated herein by reference as if included in full.

c. **Quality Assurance.** BVA shall develop, maintain and provide to the Town on execution of this agreement, a quality assurance program acceptable to the Town which shall at least maintain standards and certifications as at present.

d. **Medical Director.** BVA shall obtain the services of a suitably-qualified medical director in connection with the delivery of any services where such medical director is required by New York State Law or regulation.

e. **Response Time.** BVA shall exert its best efforts to ensure that calls are responded to within the standards set by the New York State Department of Health and the Monroe-Livingston Regional Emergency Medicine Council. Copies of such standards shall be provided to the Town by BVA upon the execution of this contract and updates, if any, to such standards shall be promptly provided to the Town after they are received by BVA. This provision shall not bind BVA to guarantee a response time for any individual call, nor shall it require BVA to guarantee the performance of other emergency medical services agency responding pursuant to mutual aid arrangements as specified in paragraph 2(f). BVA shall not be held responsible for delay or failure to reach the scene of a request for service due to reasons beyond BVA's control, lack of crew or equipment or hazardous road conditions.

f. **Mutual Aid.** BVA shall maintain arrangements with other emergency medical services, either commercial or volunteer, to respond to requests for emergency medical service within the District in the event that BVA is unable to respond. Pursuant to the mutuality provisions of such arrangements, BVA may respond at its discretion to requests from other emergency medical agencies for BVA's services outside the District. BVA shall provide to the Town on or

10e

before March 31st of each year a copy of all mutual aid agreements it has entered into with all other responding agencies, and BVA shall provide to the Town by said date detailed data showing the number of calls for the prior calendar year which were covered through mutual aid by other responding agencies in the Town of Brighton and the number and priority of each such call covered by such other responding agency for a Brighton resident.

g. **Public Access.** The parties hereto agree that due to certain technical features incorporated therein, the Monroe County Enhanced 911 service offers the public the preferred means of accessing emergency service. In its advertising, listing of emergency numbers in the "emergency number" section of the Telephone Directory, and its promotional material including the distribution of stickers for attachment to telephones, BVA shall list "911" as the telephone number for accessing BVA's emergency medical services.

h. **Advanced Life Support.** The parties hereto understand that BVA agrees to provide Advanced Life Support (hereinafter known as "ALS") service with its own resources, to the extent such services are available using BVA's ALS technicians.

3. Gasoline and Fuel Rights

a. As a form of consideration for services provided pursuant to this Agreement, and as a portion of the total consideration provided, the Town and District authorize BVA during the term of this Agreement to utilize gasoline and/or diesel fuel from the Town's dispensing station in accordance with procedure established by the Town.

b. The value of the fuel to be provided to BVA under this Agreement will be the actual cost to the Town per gallon of fuel, as determined by the Town, plus 7% of the total cost of

fuel as an administrative reimbursement.

c. The estimated annual value associated with the provisions of fuel is ~~\$20,000~~\$25,000 and, this amount will be deducted from the total amount due BVA for services provided. A detailed record of actual fuel use, and its associated value, will be kept by the Town and provided to BVA. In the event that any of the BVA vehicles can use E85 or other alternative fuels, consistent with manufacturer warranties and recommendations, and such alternative fuels are made available by the Town, BVA agrees to use such alternative fuels to the extent possible.

No later than 60 days following the close of the year, an annual accounting of actual vs. estimated value of fuel will be prepared by the Town. In the event less than ~~\$20,000~~\$25,000 of fuel value is used by BVA, the Town and District will process a claim for payment to BVA of the difference between ~~\$20,000~~\$25,000 and the actual value of fuel used. In the event BVA utilizes more than ~~\$20,000~~\$25,000 of fuel value, BVA will reimburse the Town and District, no later than 30 days after the accounting is provided to BVA, the difference between the actual value of fuel used and ~~\$20,000~~\$25,000.

For each succeeding year of this Agreement, in January, the Town and District will estimate the value of fuel as partial consideration for services rendered, and so advise BVA of the computation. Such estimate will be based on actual usage in the prior year and a projection of the cost per gallon of fuel to be provided.

d. The Town and District reserve the exclusive right to cease providing fuel as partial consideration for services. In the event the Town is no longer able to make use of its dispensing station, for whatever reason, an accounting to date of cessation of service will be

performed, and BVA will be paid in the normal course of business for any remaining value assigned to the provision of fuel under this Agreement. However, if the Town and District decide to no longer provide fuel for some other reason, provision of fuel cannot be stopped without 60 days prior written notice of the Town's and District's intention.

e. Each party represents to the other that it has in force, policies of liability insurance protecting against exposures arising out of or in connection with this Agreement and the actions which it may take under this Agreement. Each party agrees to indemnify as to its negligence the other against liability for the negligent use of vehicles, apparatuses, or supplies including gasoline and diesel fuel under this Agreement.

f. In consideration of the services to be performed hereunder, the District shall pay BVA the amount authorized to be paid to BVA by the Town Council in adopting the annual operating budget for the District for the subject fiscal year, less the value assigned for the provision of fuel under Section 3 of this Agreement. The net amount payable to BVA will be paid in one installment no earlier than February 14th and no later than March 1st, upon presentation by BVA of a properly executed Town claim voucher submitted to and approved by the Town Supervisor.

4. Compensation

In consideration of the furnishing of its apparatus, personnel, and services in the manner detailed herein, BVA shall receive an annual compensation amount of ~~Two Hundred and Seventy-~~
~~Two Thousand Dollars~~ Three Hundred Ten Thousand (\$~~272,000~~310,000), less the value assigned for the provision of fuel under section 3 of this Agreement. A portion of such compensation will cover out-of-pocket expenses that Town residents would be obligated to pay for any bill for

ambulance services, including all coinsurance amounts that residents would otherwise be responsible to pay. In the event this Agreement is terminated by either party prior to December 31, ~~2018~~2019, pursuant to the provisions of Paragraph 10 hereof, BVA shall refund to the Town the pro rata share of the compensation previously paid for the year in which termination occurs.

5. Financial Procedures

a. BVA shall diligently continue its voluntary fund-raising drive(s) and third party billing, provided however that BVA agrees that it will not bill any amount of money, including a co-payment not covered by insurance, Medicare or Medicaid coverage, costs for ambulance service provided to Town residents during the terms hereof. Any statement of charges provided by BVA or its billing company to a Brighton resident shall clearly state that "NO PAYMENT IS DUE" and shall be in the form of the statement attached to this Agreement. BVA shall promptly refund to any and all Brighton Residents all funds paid by a Brighton Resident to BVA or its billing company for ambulance service fees and/or co-payments. BVA shall designate an individual in its employ to field and respond to inquiries from Brighton residents regarding statements of charges and invoices, and shall provide the identity and contact information of said individual to the Town Supervisor.

b. As part of the Town's annual budgeting process, BVA agrees to:

- (i) abide by the budget preparation and review schedule of the Town,
- (ii) to provide a "line item" operating budget proposal with explanation and justification for each line item,
- (iii) to provide and annually update a five-year capital plan as part of the budget preparation process,

(iv) to attend all budget “workshops”, public hearings, and Town Board meetings as determined appropriate by the Town to respond to questions of the Town Board, Administration, and general public served in the District by BVA.

c. In the event that operating revenues exceed operating expenditures in any given year, even after budgeted transfers to reserve accounts have been made, BVA may retain such surplus operating funds.

d. BVA agrees that it will submit to the Town, no later than March 31st of each year, an audited financial statement for the previous fiscal year, prepared and certified by a certified public accountant, and BVA shall pay the costs of the same.

6. Other Reporting Requirements

BVA shall annually prepare and present to the Town Board no later than March 31st (at a regularly scheduled Town Board meeting) a narrative and statistical report describing operations during the previous fiscal year, including but not limited to data on the number and types of calls received and responded to, a calculation of the average response time experience, mutual aid activity, and a list of BVA’s current officers and directors.

7. Audits

BVA agrees to allow the Town to conduct periodic audits of its financial records, as deemed necessary and advisable by the Town.

10j

8. Indemnification and Insurance

a. BVA agrees to protect, defend, indemnify and hold the Town and its employees free and harmless from and against any and all losses, claims, liens, demands and causes of action of every kind and character, including the amount of judgments, penalties, interest, court costs and legal fees incurred by the Town in defense of same, arising in favor of any party, including governmental agencies or bodies, on account of claims, liens, debts, personal injuries, including personal injuries sustained by employees of the Town, death or damage to property, including property of the Town, and without limitation by enumeration, all other claims or demands of every character occurring or in any way incident to the services which BVA hereby agrees to provide, hereafter all jointly being referred to as "claims".

b. Notwithstanding the foregoing, BVA shall not be liable, nor shall BVA have to indemnify the Town or hold the Town harmless for claims resulting from the sole negligence of the Town.
