Re: Use of Seized and Forfeited Assets to Install New Radios in Vehicles

Dear Board Members:

Monroe County is in the process of upgrading the radio system for first responders. Monroe County has paid for the cost of the infrastructure and new radios.

I have recently learned that the Brighton Police Department will be responsible for the costs associated with the installation of new radios, antenna wiring and antenna hardware for 20 police vehicles. The cost of labor and material for this project is approximately \$350.00 to \$500.00 per vehicle. The projected cost for our portion of the project is estimated to be \$10,000.00. This unexpected expenditure was not budgeted for in the 2019 Police Department Budget. I am proposing to use \$10,000.00 of seized and forfeited assets to fund this project. I have consulted with the WNY US Attorney's Office of the Department of Justice and have been advised that this is an appropriate use of these funds. I request that appropriations in account **A.POLCE.3125.2.29** Vehicle Set Up Costs be increased by an amount not to exceed \$10,000. The total expenditure of \$10,000 will be fully supported with the use of Forfeited Property account **A.889.JSTCE**.

Respectfully,

RE: Appropriation/Re-Appropriation of Capital Projects Budgets

Dear Board Members:

As part of our annual accounting for capital projects, I am requesting Town Board authorization of the Finance Department to take the following actions with regards to ongoing capital projects initiated in years prior to 2019 as detailed on the attached capital projects spreadsheet:

- To re-appropriate the balances of estimates for all unrealized revenues and all unexpended, unencumbered appropriations relating to ongoing capital projects initiated in years prior to 2019, and
- To authorize the appropriation of, and the transfer of cash provided for, cash capital contributions adopted as part of the 2019 budget, and
- To appropriate into each capital project budget any interest earned on project monies through 12/31/2018, thereby providing additional spending authorization and excluding interest earned on borrowed funds (that have been properly transferred to the Debt Service Fund), and
- To direct and empower the Finance Department to make any and all necessary accounting entries to implement the Town Board's intended actions with regard to this matter.

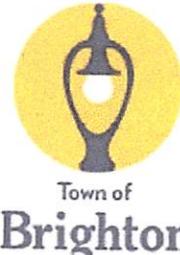

I will be happy to respond to any questions that members of the Committee or other members of the Town Board may have regarding this matter.

Sincerely,

Suzanne Zaso

Re: Agreements with Interprettek and Sign Language Connections for American Sign Language
Interpreters for Town Board Meetings

Dear Chairman DiPonzo and Committee Members:

As I noted in my State of the Town address on March 13, 2019, it is our intention to provide increased access to our Town Board meetings by providing American Sign Language (ASL) interpreters for deaf and hard of hearing residents. To that end, I respectfully request authorization to enter into agreements with Interprettek and Sign Language Connections for the provision of ASL interpreters at our biweekly Town Board meetings for 2019. I anticipate not spending more than \$6,000 total annually.

Interprettek and Sign Language Connections are both local companies that provide ASL interpreters at the same cost. The cost for one interpreter working more than one hour is \$59 per hour. Since two interpreters will be necessary for every meeting, the fee for a two hour meeting would be \$236. If meetings run over two hours, and the interpreters are available, they could continue working with billing on the half hour. The interpreters will also appear on-screen in a separate small box in the live video of the meeting.

Funds for this agreement are available in the 2019 budget, however authorization is needed for Finance to make the necessary transfers.

Thank you for your consideration of this matter.

Respectfully Submitted,

William W. Moehle
Town Supervisor

Re: Monroe Avenue GIGP Project
Green Infrastructure Maintenance
Contract Award

Dear Councilperson DiPonzo and Committee Members:

The bids for the above referenced project were publicly advertised and publicly opened, all as required by law. Bids were received and opened on March 13, 2019 at 4:00 PM.

Three (3) contractors obtained the bidding documents, however, only one contractor, Plant Concepts, Inc., submitted a bid proposal. The bid requested itemized prices for each green infrastructure practice along the length of the Monroe Avenue GIGP project. The green infrastructure practices include; wetland area, bio-retention areas, rain gardens, porous asphalt pavement and porous concrete sidewalk. This bid structure enables the Town to select the bid items that are essential to the maintenance of the green infrastructure and control the total cost of the maintenance contract. A copy of the itemized bid tab showing the selected maintenance practices is attached for your reference. The bid also included an item to water (\$995 per trip) the green infrastructure on an as necessary basis as determined by the Town of Brighton. The total cost excluding the cost of watering to complete the selected bid items is \$28,900.00.

I am requesting that FASC recommend that the Town Board award the contract to provide maintenance services for the green infrastructure along Monroe Avenue to the low, responsible and responsive bidder, Plant Concepts, Inc. for a total contract cost not to exceed \$40,000. The maintenance of the selected bid items is \$28,900.00, which will leave \$11,100.00 in account A.DPW.8510 4.43. The remaining funds could be utilized to fund approximately eleven (11) watering trips (\$995) on an as necessary basis as determined by the Town of Brighton or additional maintenance along Monroe Avenue.

The effective date of this contract is April 1, 2019 through March 31, 2020, with an option to renew up to two (2) additional twelve (12) months periods at the sole discretion of the Town of Brighton.

As always, thank you for your consideration. I will be in attendance at your regularly scheduled March 19, 2019 meeting in the event that you have any questions regarding this matter.

Respectfully,

Chad J. Roscoe
Junior Engineer
