Dear Chairperson Diponzio and Committee Members:

I recommend that the Town Board amend the 2019 Budget by increasing and appropriating \$1,540.00 from insurance recovery revenue in the highway administration account (D.HWY.5140 2680), and by increasing appropriations in the highway vehicle repair expense account (D.HWY.5130 4.65), by the same amount.

Re: Town of Brighton Winter Farmer's Market  
Interior Barn Improvements  
Phase 2.0

Dear Councilperson DiPonzo and Committee Members:

We recently completed Phase 1 of the Winter Farmer's Market project. Phase 1 included installing a concrete floor and renovating the exterior of the existing barn. The Town has secured an additional \$500,000 to complete Phase 2 of the project. Phase 2 includes interior renovation to the Barn, the extension of water, sewer, electric and gas service to the barn, the extension of the Buckland Park perimeter trail to Westfall Road and the construction of a crosswalk at Westfall Road that connects the southern end of the Brickyard Trail with the Buckland Park perimeter trail.

In.site.architecture completed the design of the Phase 1 barn improvements. We would like to amend in.site.architecture's agreement to include the services necessary to complete the interior barn improvements associated with Phase 2. These architectural services will include a structural analysis, HVAC and electrical design, the development of contract documents, bidding, and construction administration. In.site.architecture has provided a proposal which estimates that the total cost to provide these professional services is \$37,500. A copy of this proposal is attached for your reference.

The Town staff will prepare the drawings to extend utilities to the barn, extend the Buckland Park perimeter trail and construct the crosswalk at the southern end of the Brickyard trail.

I am requesting that the FASC recommend that the Town Board authorize the supervisor to endorse an amendment to the in.site.architectural agreement for the professional services to complete the interior improvements to the existing barn for a cost not to exceed \$37,500. I further recommend that the Supervisor be authorized to execute any necessary change orders that do not collectively exceed ten percent of the awarded contract price.

As always, thank you for your consideration. I will be in attendance at your regularly scheduled September 3, 2019 meeting in the event that you have any questions regarding this matter. As always, your consideration of matters such as this is greatly appreciated.

Sincerely,

Michael E. Guyon, P.E.
