COMMUNICATIONS

CONTINUING BUSINESS

Park Issues: Matt Beeman

- Parks Department is busy setting up 2022 contracts and scoping potential projects
- Parks, especially trails, continue to see heavy use. We seem to be receiving a higher volume of requests for snow removal, but some trails simply are not well-suited for accommodating snow removal equipment and seeing as snow cover on trails allows for a wider range of active and passive recreation options, current policy of not plowing trails will continue.
- One exception may be the canal trail between Edgewood Ave and Kendrick St, which we are exploring with our jurisdictional partners.
- Lodge Maintenance Projects are ongoing, as opportunity arises.

Recreation Programs: Rebecca Cotter

- Winter/Spring Program registration has begun – offerings have been very well received by the community and program registrations are proceeding apace
- Contracts for 2022 being completed with vendors
- Looking toward Summer facility planning for camps and programs
- Continue to adjust Recreation operations based on COVID safety protocols
- Brighton Senior Grab N Go program is continuing, as COVID exigencies endure. There has been a commitment by staff to provide low-cost, nutritional meal options and we continue to explore vendor options to meet those goals

- AARP Basic Tax Appointments have returned as an offering, much to the pleasure of the community
- Work on the Community Center Feasibility Study continues
