**RE: PARKS SUPERINTENDENT'S REPORT** – Reported by Matt Beeman

Lodges are at full capacity now. Unable to enforce the masking policy at the lodges – just making sure that the lodge renter is aware of the need for masking and social distancing. Mulching trails at Corbett's Glen. The longer soccer season has been challenging. There is a shortage of field paint. Fields are closed to pick-up games because they are too hard of our fields. Planning on redoing tennis and basketball courts next spring. Also, lining the courts at Buckland for pickleball.

**RE: RECREATION DIRECTOR'S REPORT** – reported by Becky Cotter

Afterschool program began at Council Rock school. The dates for our Senior Picnics have been set and they will be held at the Buckland pavilion. Our flu clinic is planned for 10/18/21 at the Carmen Clark lodge. Truck or Treat event will be held on 10/23/21 3-4pm at Town Park.
