Meeting of September 26, 2023 - 4:30PM
Brighton Town Hall

Members Present:

Stuart MacKenzie	<u>x</u>
Chris Jahn	<u> </u>
Casey Sacco	<u>x</u>
Fran Schwartz	<u>x</u>
Mary Scipioni	<u> </u>
Andrew Spencer	<u>x</u>
<i>vacancy</i>	

August 22, 2023 minutes: x Approved Not Considered

OLD BUSINESS

7AR-3-23, 148 Dale Rd

Brian Kogler
Build 14' x 8' covered porch

Notes: * Plans, drawings, and photos were presented by Brian Kogler, contractor, for review by the board.

- Header right below overhang.
- Materials:
 - Porch ceiling: vinyl bead board
 - Posts and headers: PVC
 - Roofing: to match existing
 - Downspouts: match trim of the house (white)
 - Railing: white vinyl along front and sides of porch

Decision: Approved with condition

1. Reduce width of porch to give space to windows.

8AR-2-23, 38 Dale Rd

Sam Webster

Replace front door, add portico

Notes: * Plans, drawings, and photos were presented by Sam Webster, owner, for review by the board.

- Currently the door is right up against the chimney. The proposed would move it to the center of the step.
- The new portico roof slopes down from the chimney.
- Materials:
 - Trim: white aluminum
 - Roof: match existing shingles: Corning terra cotta color
 - Porch ceiling: bead board
 - Posts and headers: PVC
 - Porch material: gray Trex

Decision: Approved as presented

8AR-5-23, 10 Pendleton Hill

Craig Forsey

New single-family house

Notes: * Plans, drawings, photos and material samples were presented by Craig Forsey, project manager, and Eric (Marrano / Marc Equity Corporation), for review by the board.

- Reworked massing and design of front entrance and back porch.
- Reduced front porch to a single story.
- Reduced height of back porch.
- Removed the pediment above the garage and added windows where it was.
- Materials:
 - Siding: Hardie plank & shingle; color: Monterey Taupe
 - Cultured Stone: Ply Gem Manorstone “Oswego”
 - Roof: Atlas Pinnacle Pristine, color: pewter

Decision: Approved as presented

8AR-6-23, 45 Grosvenor Rd

Robert Flansburg

Carport and addition over existing driveway

Notes: * Plans, drawings, and photos were presented by Robert Flansburg, architect, for review by the board.

- Reduced massing and height of addition.
- Included a dormer on the addition to break up the large roof area.
- Utilized design features of the existing house: thin vertical window beneath the gable and a stone segmental arch above the windows with the diamond grill pattern.
- Porch in the back will be open (a roof was discussed as an option)
- Materials to match existing. Will use real stucco on addition.

Decision: Approved as presented

Note: All necessary Zoning Board of Appeals approvals must still be obtained.

8AR-8-23, 95 Helen Rd

Joseph Taddonio

Remodel and addition

Notes: * No representation at both the August 22, 2023 and September 26, 2023 ARB meetings.

Decision: Denied without prejudice

NEW BUSINESS

9AR-1-23, 1925 S Clinton Ave

Paul Colucci

New 20,000 sq ft commercial building

Notes: * Plans, drawings, and photos were presented by Paul Colucci, developer, and Vanessa Banks, architect, for review by the board.

- Plans for an Aldi grocery store in the SW corner of the development.
- On the Town Planning Board agenda for October.
- Spec-Brik size and color is standard for stores in NY, e.g., was used for the Irondequoit store.

- Smaller brick size looks better.
- Presented an alternative color scheme with red brick.
- Discussion of visual impact of the building and particularly the rooftop equipment to the Gables (neighboring property). Might be visible from 2nd story of the Gables.
- Rooftop screening post- / equipment-mounted and designed for sound attenuation. Will match exterior metal colors.
- Suggest sulfite-resistant base course for masonry to prevent salt and water damage.
- Materials:
 - Masonry: Spec-Brik, color: Chesapeake blend
 - Fiber cement: Nichiha Vintage wood, color: cedar
 - Aluminum Composite Panel: Omega Lite, color: bright silver
 - Roof flashing at masonry: PAC-CLAD, color: musket gray
 - Roof flashing at fiber cement: PAC-CLAD, color: cedar
 - Roof flashing at tower & canopy: PAC-CLAD, color: silver

Decision: Approved with condition

1. Smaller Spec-Brik size (4" x 4" x 16") shall be used for masonry.

The approval is for the original elevations with the Chesapeake Blend Spec-Brik color scheme.

9AR-2-23, 500 Canal View Blvd.

Ken Bracker

New overhead door, man door and ramp on commercial building

Notes: * Plans, drawings, and photos were presented by Ken Bracker, architect, for review by the board

- Adding a new overhead door, man door, and ramp to the rear of a commercial building.
- New concrete ramp: 1/12 max slope with guard rail.

Decision: Approved as presented

9AR-3-23, 2345 W Henrietta Rd

Shelli Silvarole

Add gable covered porch

Notes: * Plans, drawings, and photos were presented by Shelli Silvarole, property owner,

for review by the board.

- Adding gable above front porch.
- Changing windows. Installing new windows in existing openings.
- Re-siding the entire house: front with a cedar shake style shingle. Sides and rear with horizontal vinyl siding.
- Materials:
 - Front siding: Certainteed Northwoods 7" Shingle; color: midnight blue
 - Side and rear siding: Certainteed horizontal; color: midnight blue
 - Cultured stone: ProVia Terra Cut Frost, color: black
 - Windows: Pella 250 series
 - vinyl soffit under gable

Decision: Approved as presented

9AR-4-23, St Johnsville Trl

Craig Forsey

Model homes for St Johnsville Trl (Ft Plain neighborhood in The Reserve)

Notes: * Plans, drawings, and photos were presented by Craig Forsey, project manager, and Eric (Marrano / Marc Equity Corporation), for review by the board.

- Presented four house types for the remaining lots on St Johnsville Trl with five different color schemes (additional details in tables below).
- No house will be the same color as the house next to it.
- Cultured stone at grade is prone to water damage. Suggest using a strip of natural stone at grade.
- Model home types: Avalon, Patio A, Patio B, and Patriot Manor. All four types have:
 - Cultured stone element on the first-floor front elevation.
 - Horizontal vinyl siding on side and rear elevations.
 - Optional garage service door.

Model Homes:

Model Home Type	Notes
Avalon	<ul style="list-style-type: none">• Shake style siding on front elevation pediment areas.• Horizontal vinyl siding on first-floor of front elevation around front door and garage.• Roof brackets above garage and first-floor windows.• Front dormer windows open to foyer

Patio A	<ul style="list-style-type: none"> • Shake style siding on front elevation pediment areas. • Horizontal vinyl siding on first-floor of front elevation around garage.
Patio A (continued)	<ul style="list-style-type: none"> • Roof brackets above garage. • Windows under front gable do not open to livable space. • Decorative element on the two front gable peaks
Patio B	<ul style="list-style-type: none"> • Shake style siding on front porch pediment and top section of main front pediment. • Horizontal vinyl siding on first-floor of front elevation around garage. • Roof brackets above garage. • Windows under front gable do not open to livable space. • Decorative bracket on main front gable peak
Patriot Manor	<ul style="list-style-type: none"> • Shake style siding on dormer pediment and top section of garage pediment, and on walls under front porch / entryway. • Horizontal vinyl siding on first-floor of front elevation around garage. • Decorative brackets on dormer and garage gable peaks.
