RE: PARKS SUPERINTENDENT'S REPORT reported by Matt Beeman

Seasonal laborers are starting next week after Memorial Day but are still looking for two more staff members for this Summer. The Town will be posting the job openings soon.

Arbor Day event held on 29 April 2023 with a ceremonial tree planting at Town Park. From 2019-2023 over 850 trees have been planted within the town Park system. This year between 20-30 mature trees will be planted within manicured areas of the Parks. Dr. George Smith of BHS received a Proclamation from the Town Board for his contribution to the Town's tree planting initiative.

New mowing subcontractor started in April. Since this is their first year with the Town, Park staff are working with them to assure that they maintain the same level of support as previous subcontractors. Town Soccer program starts next week on May 30th and lacrosse program ends on May 26th. There are approximately 700 participants in the program.

There are 400 cubic yards (cyd) of mulch ordered for the 8 Town playgrounds every two years. The mulch must meet the playground use specifications.
